### Code structure

**Attention!** The feasibility of a code number does not mean the effective availability of a product. Please contact our sales office.

## PX 10110-AM2X

Foot switches		External metallic parts	
<b>PX</b>	with pedal actuator protection		zinc plated steel (standard)
<b>PA</b>	without pedal actuator protection	<b>X</b>	stainless steel
Protections colour		Threadedconduitentries	
<b>1</b>	yellow RAL 1023		PG 13,5 (standard)
<b>2</b>	red RAL 3020	<b>M2</b>	M20x1,5
<b>4</b>	grey RAL 7040	Accessories (only PX series)	
<b>5</b>	black RAL 9017		without accessories
<b>6</b>	blue RAL 5017	<b>A</b>	complete with polymer carrying rod (400 mm)
Contact blocks combination		<b>B</b>	with M25 hole for VF KIT31
<b>01</b>	1NO+1NC, snap action (VF B501)	<b>C</b>	with M25 hole for VF KIT31 complete with stabilizing plate
<b>02</b>	2x (1NO+1NC), snap action (VF B501+VF B501)	<b>D</b>	complete with polymer carrying rod (660 mm)
<b>03</b>	1NO+1NC, slow action (VF B601)	Protection degree	
<b>04</b>	2x (1NO+1NC), slow action (VF B601+VF B601)	<b>0</b>	IP53
<b>05</b>	2x 2NO, slow action (VF B1001+VF B1001)	<b>1</b>	IP65
<b>06</b>	2x 2NC, slow action (VF B901+VF B901)	Devices	
<b>07</b>	2NC, slow action (VF B901)	<b>0</b>	without devices
<b>08</b>	2NO, slow action (VF B1001)	<b>1</b>	with safety lever
<b>09</b>	1NO+1NC, slow action overlapped (VF B701)	<b>2</b>	with lock of the pedal actuator
<b>20</b>	2x (1NO+1NC), snap action shifted (VF B501+VF B501)	<b>3</b>	without safety lever and with two-stage actuating force (only for contact block combination 20)
Contact block features see page 2/175		<b>4</b>	with safety lever and with two-stage actuating force (only for contact block combination 20)

### Main data

- Polymer housing, three conduit entries
- Protection degree IP53 or IP65
- Various contact blocks available
- Various auxiliary devices available
- Assembled through special joining kits

### Utilization categories

Alternate current: AC15 (50÷60 Hz)

Ue (V)	250	400	500
--------	-----	-----	-----

Ie (A)	6	4	1
--------	---	---	---

Direct current: DC13

Ue (V)	24	125	250
--------	----	-----	-----

Ie (A)	6	1,1	0,4
--------	---	-----	-----

### Housing

Made of glass-reinforced polymer, self-extinguishing, shock-proof thermoplastic resin and with double insulation 

Actuating force:

16 N

One threaded conduit entry

Protection degree:

IP53 or IP65 according to EN 60529

### General data

Ambient temperature:

from -25°C to +80°C

Max operating frequency:

3600 operations cycles<sup>1</sup>/hour

Mechanical endurance:

20 million operations cycles<sup>1</sup>

(1) One operation cycle means two movements, one to close and one to open contacts, as foreseen by EN 60947-5-1 standard.

### Electrical data

Thermal current (Ith):

10 A

Rated insulation voltage (Ui):

500 Vac 600 Vdc

Conditional short circuit current:

1000 A according to EN 60947-5-1

Protection against short circuits:

fuse 10 A 500 V type aM

Pollution degree:

3

### Cross section of the conductors (flexible copper wire)

Contact block combinations:

min. 1 x 0,5 mm<sup>2</sup> (1 x AWG 20)

max. 2 x 2,5 mm<sup>2</sup> (2 x AWG 14)

### In conformity with standards:

IEC 60947-5-1, EN 60947-5-1, IEC 60529, EN 60529, VDE 0660-200, CENELEC EN 50013.

### In conformity with requirements requested by:

Low Voltage Directive 2006/95/EC, Machinery Directive 2006/42/EC and Electromagnetic Compatibility 2004/108/EC.

### Positive contact opening in conformity with standards:

IEC 60947-5-1, EN 60947-5-1, VDE 0660-206.

### Markings:

### Installation for safety applications:

Use only switches marked with the symbol . The safety circuit must always be connected with the **NC contacts** (normally closed contacts: 11-12, 21-22 or 31-32) as stated in the **standard EN 60947-5-1, encl. K, par. 2**.

 **If not expressly indicated in this chapter, for the right installation and the correct utilization of all articles see requirements indicated from page 6/1 to page 6/10.**

### Devices: safety lever (e.g. article PX 10110)

The safety lever prevents the pedal actuator from lowering when the foot is not completely inserted, thus preventing casual or accidental actuation.

The foot must be completely inserted in order to lower the safety lever and push down the pedal actuator.

### Devices: lock of the pedal actuator (e.g. article PX 10120)

Insertion of the foot in the foot switch

Pushing down the pedal actuator, the contact switches and the device locks the actuator

Releasing the pedal actuator, the lock device keeps it down

To unlock the pedal actuator, push the locking device

With drawing the foot from the foot switch, the pedal actuator and the contacts return to their initial positions

### Devices: actuating force in 2 stages (e.g. article PX 12040)

PX foot switches with two overlapped snap action contact blocks (2x 1NO+1NC), two steps actuation force and safety lever.

With a light pressure (~19 N) on the pedal actuator, the first contact block switches while the second keeps its state. The pedal actuator stops at pressure point

Pushing down with higher force (~180 N) on the pedal actuator, the second contact block switches as well. In this position both contact blocks have been switched.

## Dimensional drawings

Contacts type:

- R** = snap action
- L** = slow action
- LO** = slow action overlapped
- RS** = snap action shifted

Contact block combination

### Combination examples

Foot switch with pedal actuator protection and polymer carrying rod (400 mm)

How to order:

PX 10110	VF KIT21				

This article can be bought also with single code PX 10110-A. In this case the cover is supplied already pierced for the carrying rod fixing.

Foot switch with pedal actuator protection and polymer carrying rod (660 mm)

How to order:

PX 10110	VF KIT22				

This article can be bought also with single code PX 10110-D. In this case the cover is supplied already pierced for the carrying rod fixing.

Foot switch with pedal actuator protection having a hole M25x1,5 and stabilizing plate

How to order:

PX 10110-B	VF KIT60				

This article can be bought also with single code PX 10110-C.

Foot switch with pedal actuator protection and aluminium pipe, stabilizing plate and emergency push button 1NC

How to order:

PX 10110-B	VF KIT60	VF KIT31	VF KIT32
